

3 SAFEGUARDING ESSENTIALS FOR FOOTBALL ACADEMIES

Kids love adventure, and that often involves a bit of risk. As a kids' club owner, it's your job to keep things fun and safe. But safeguarding isn't just a box to tick; it's key to running a successful club. And your responsibility goes beyond safety during activities.

That's why we've put together this infographic to cover 3 safeguarding essentials for kids' clubs and how ClassForKids can help.

Keep Personal Data Secure

When working with children, you gather a lot of sensitive information, from medical details to emergency contacts, and storing this data securely is a must – not just for GDPR compliance, but to protect your reputation and the trust families place in you.

ClassForKids makes things simple with:

Automatic data entry: Kids can't be booked into classes without essential details, which are automatically added to your registers.

Top-notch security: Family-level encryption keeps sensitive information safe.

GDPR compliance: From collecting consent to deleting records, we've got it covered.

Be Prepared for Emergencies

Emergencies happen. And to handle them confidently, you need to make sure you have enough staff on site who have access to up-to-date information, instantly.

ClassForKids makes this easy with:

Custom registers: Tailor registers to show key emergency info so your team can respond quickly.

Role-based access: Control who sees what details, keeping sensitive info private.

Class capacity: Set your ideal class capacity to ensure every child gets the attention and support they deserve.

Keep Parents Informed

Clear, timely communication builds trust. Parents need to know about updates and changes, from cancellations to staffing changes.

ClassForKids streamlines communication with:

Instant notifications: Quickly notify parents of schedule changes, staff updates, or new policies via email or SMS.

Clear policies: Parents can review and agree to your T&Cs and policies at checkout.

Easy messaging: Send personalised messages to parents with just a few clicks.

Build Trust with Confident Safeguarding

Safeguarding is more than just rules. It's the foundation of trust with parents, who want to know their children are in safe hands.
